FLAT RENTS FOR WINDSOR LOCKS

Chestnut Hill Apartments	2BR	\$697	
	3BR	\$875	
Oak Grove Apartments	Efficiency	\$580	
	1BR	\$620	

The Section 8 Fair Market Rents (FMR) for Windsor Locks do not reflect an accurate market level for efficiency and one bedroom units. The market is charging approximately \$140 over the FMR for the efficiency unit while an unsubsidized one bedroom unit averages about \$75 over the FMR. The two and three bedroom units are comparable with the FMR's.

Advisory Committee for Elderly & Disabled (32-2)

Separate apartment Buildings for the Elderly and Disabled (18-50 Yrs). Life styles in these situations are very different, causing constant disruptions between the generations.

Community Room for each Apartment – Place where the tenants can gather for socialization.

Larger foyer area in each Apartment complex, so that larger mailboxes could be installed.

Apartment locks to individual apartments that cannot be opened with a Charge Card.

Vertical Blinds put in Alcove Apartments this would allow more light into the apartment.

Advisory Committee for Public Family Units (32-1)

Deduction of \$480.00 allowed for each child should be raised considering the cost of living standards.

Boyfriends and other people not on the lease living in Public Housing, tenants deny the situation to the Housing Authority. Proof of this situation if very hard to verify.

Need for visitor parking, right now visitors cannot park even near the apartment building. However, this may be impossible due to lack of space.

Section 8

The Fair Market Rent for Windsor Locks is not reflective of the Market thus it forces Section 8 Tenants to live in substandard housing. Set 0 bedroom and 1 bedroom at 110% of Fair Market Value.

If Windsor Locks Housing Authority could receive more Vouchers for Disabled people only this would help the disabled to live out in the community and alleviate some of the problems in the Elderly & Disabled Apartments.

Resident Advisory Meeting Comments April 14, 2000

The Section 8 Resident, Leona Hirth attended the resident meeting on April 10, 2000.

Each page was interpreted for the resident. Special comments were made on the new criminal and credit check. Leona thought this was a good idea for the future safety of the program. She was hoping that the slum landlords, which exist could be addressed further but on the whole she thought the new plan was excellent.

Another resident on the Windsor Locks Commission also commented on the Criminal and credit check with positive feed back. Hopefully this will give the Housing Authority a better security rating for residents. She also felt that the plan was well put together and would be happy to support the new PHM plan for Windsor Locks Housing Authority.

DECONCENTRATION POLICY

It is the Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and low income families into higher income developments. The Authority will affirmatively market our housing to all eligible income groups. Lower income families will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.
